FAQs

HOW MANY CANS WILL I NEED FOR THE "COLLECT & BUILD" CATEGORY?

A minimum of 600 Standard #300 cans that can be stacked*. But we recommend bringing 600-800 per tree.

***Please DO NOT tape or glue anything to the can label and/or damage the lid. It can compromise the cans and cannot be donated to the food bank.**

WHAT IS A STANDARD #300 CAN?

See the chart below.

#300 Can

A #300 can holds about 15 ounces and is one of the most common sized cans you'd find in your pantry. These cans measure 3" wide x 4 7/16" tall. Canned beans, and other vegetables and some fruit can be found packed in this size can. This can is a little less than 4" high and close to 3" wide. On average you're going to get about 3 1/2 servings out of a #300 can.

You may find older recipes that call for #303 cans. They were slightly larger but only by a few ounces. In most cases you'd be safe using the more common #300 can. These cans are still used today for some products.

Food	Can Size	Ounces / Pounds	Grams / KG	Servings
Kidney beans	#300	15 ounces	425 g	3 1/2, 1/2 cup servings
Tomato sauce	#300	15 ounces	425 g	7, 1/4 cup servings

FAQs

WHAT DATE AND TIME IS THE COMMUNITY BUILD DAY?

The community build will be held on Saturday, December 2nd from 7am-Noon. With pre-selected assigned build start time.

HOW MANY PEOPLE DO I NEED ON COMMUNITY BUILD DAY?

At least 2-3 people if just decorating or 5-7 people if building and decorating.

WHEN CAN THE PUBLIC VIEW THE DISPLAY?

We will have a free community portion of the event from 12:30pm-2:30pm. This event will require an RSVP through Eventbrite. This is your chance to collect tree votes!

Voting will be done online utilizing our provided QR code.

HOW DO I DECORATE MY TREE?

You may decorate your tree how you'd like. Come up with any theme you'd like. Get as creative as possible. There will be three tree categories for voting.

There are also a few big "NO's" when it comes to decorations:

- Please DO NOT use any of the following: toilet paper, fake snow spray, silly string, electric lights (no electricity of any kind will be available, battery-operated OK), or glass ornaments.
- Please DO NOT tape or glue anything to the can label.
- Please DO NOT remove the can labels or alter the cans in any way. If you need to use tape, please ensure the decoration is taped to itself and NOT on the can. Any damage to the label could compromise it for re-distribution to the community.

If you need your decorations back, it is YOUR responsibility to collect them by Monday, December 4th. Otherwise, they will be donated back to FARSB or discarded.

CAN I CREATE A CAN WRAP MYSELF?

You are more than welcome to create your own can wrap. Please take the taping restrictions above into account when doing so. You will need 268 labels to wrap the outer layers of the tree.

Here is the [Can Wrap Template](#).

WHAT ARE THE THREE TREE VOTING CATEGORIES?

This year's categories will be:

- People's Choice - Selected by the Community
- Best Décor/Theme
- FARSB's Choice
